Introduction: You play as Agent Peanut, and you have just been dying to find the Chachapoyan Idol from Indiana Jones. You decide to embark on the quest to find it, and you end up at a temple and you decide to go in.

Pg#1: You are on the bottom left of the screen, and you have a whip, and a water gun. All around are pits with strange shadowy arms reaching out to grab you. In the middle right of the screen is a native who attempts to shoot a poison dart at you. The player can use their whip to kill the native. To get past the shadowy arms the player must hop from rock to rock to avoid them pulling you down into their pits. Once you have reached the Golden Idol, then you can take it by replacing it with another item such as the water gun.

Pg#2: On this page you see a strange portal with a shark sticking out of it. There is also a mech named The Cannoneer about to shoot you for trespassing. To beat the mech you must convince the shark to eat the mech instead of you. Then you can go to the portal at the top of the screen to escape.

Ideas for sequels of this game

- ☐ A game where Agen Peanut meets his sibling in a western bar, and then your sibling gets kidnapped, and you must go after them.
- ☐ A game where Agent Peanut must steal a precious diamond from a museum without getting caught by the guards.
