Pg#1: You enter the Hybrid's spaceship after completing Home Invasion 3. Within the strange crystal cases are human artifacts. You can break these crystals open using your fists to access The Hammer, and The Justin Bieber Poster. You can then open the vent by using the hammer.(go to pg#20

Pg#2: After entering the vents you meet a character named Peanut. Peanut says he is stuck in some slime, so you can pull him out to save him. Peanut does not say much, but he does copy your actions. You can throw Peanut or the hammer at the lasers to destroy them. Once you get to the sleeping Hybrid you notice he is guarding a key. The player must tip-toe to get it, but make sure Peanut does not copy your actions. You can use the key on page one to open the door to screen 3.

Pg#3: After unlocking the door to this room with the key from the vents the player meets Mega Hybrid Head. Mega Hybrid Head challenges the player to a duel. If the player decides to participate in this duel they can win The Hybrid Crystal. (The Hybrid Crystal allows the player to summon a Hybrid in the next PCG that they play). But first the player must fight either Mr. Assassinite, or The Savage Beatles.
