Backstory: Pumpkin Bill is trapped in yet another dungeon, he must escape!

The Player: Pumpkin Bill

He uses his moth to pick up items and he moves by rolling.

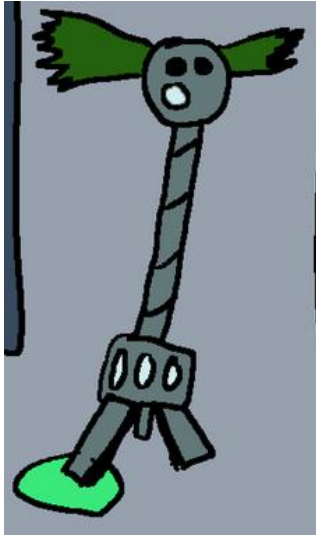

Eeeevil Pear: A giant pear that simply wants to kill Pumpkin Bill.

Solution: Pumpkin Bill must charge at Eeeevil Pear and use his point stem to kill Eeeevil Pear. Once Eeeevil Pear is dead, he will drop a strange gooey substance. (the player will need this later on)

Trash Can: Nothing is inside the trash can, but the player can use it as a shield.

Zoovac: (a robotic clown on a stick) Is stuck in a pile of goo. The player can use the gooey substance that Eeevil Pear dropped to disintegrate this goo.

Zoovac: Can team up with Pumpkin Bill

Abilities: Hack into technology

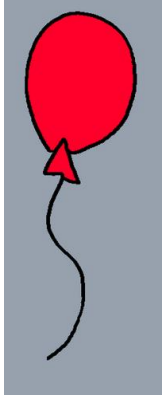

Anti-Bill Enemy: This guy's only purpose in life is to kill Pumpkin Bill. He has a gun that shoots bullets designed to blow Bill up.

Solutions

Trash Can: Bill can defeat the enemy by charging at him with the trash can lid as a shield, then when Bill is close, he can knock him out.

Zoovac: Bill can defeat the enemy by telling Zoovac to hack into the guy's gun, so the player can then charge him.

Balloon: If the player decides to pop this balloon, they will summon Pennywise, the EVIL CLOWN!

Puzzle Solution: Simply don't pop it! The player can also use this to summon Pennywise to attack enemies.

DOODLE DERIK: A normal dude that wields a magical pencil which allows him to draw anything, and it will become real. (The PCG Master can decide to draw anything they wish to fight the player with)

Note: The player can choose one of the following 3 items to fight Doodle Derik With.

Solution: Either summon Pennywise to kill Doodle Derik, or use one of the items.

Sword: Slice Doodle Derik's pencil in half.

Fart Ray: Does not work.

Trampoline: Try jumping over Doodle Derik and into the portal.

Portal: Once Bill goes through this portal, he beats the game and can now teleport to the next one.
