

PURPLE BOX

The Purple Box PCG Add-On is a new item to add into your PCGs.

--RULES--

- One per game, if players find a Purple Box, they can take out any item they wish (No save game), the PCG Master then decides if the item is “fair” or not.
- For Example: Players can’t just take out a sword or a canon, but they can take out silly items like toilet paper, gum, a book or a stick. As long as the item has little impact on the game, it is fine.
- Purpose: This add-on is intended to introduce more comedy-based items and more engagement on the player’s half.
- Bonus Rule: The PCG Master can also have the player choose between a few options of items instead of the player thinking of one on the spot. Here is a table of possible items you can have your player choose from.

Toilet Paper	Table Cloth	Toilet Seat	Lamp	Ketchup
Cardboard Box	Piece of chewed up gum	Plastic Cup	Flashlight	Windex
PCG Chronology Book	Gold Tooth	Worm	Rubber Boots	Coffee
Portrait of The Rich Kid	Tennis Ball	Stack of paper and a pen	Bent Fork	Tic Tacs

Feel free to modify this add-on to your personal preferences.
