How To Play

Start:

When you start you must first choose a starter. Your choices are Cyndiquil, Chikorita, and Totidile. Once you have chosen then you can fill in the information and play the game.

Servers:

There are 2 different servers. An expansion pass server will be made soon. Select a server in the beginning of the game. Each server will have a city and a wild area. Every 100 pokemon you beat or catch you can pick a legendary pokemon to fight. You also have a chance to catch it.

Catching Pokemon:

Once you are on a server you can go to the wild area. Spin a coin on the pokemon page. That's the pokemon you will encounter. You can choose to fight it or catch it. To catch pokemon here are the different pokeballs.

Pokeball- flip 2 coins if both are heads then you catch it. Price: 10 c for 5

Greatball- flip 2 coins if at least 1 is heads then you catch it. Price: 50 c for 5

UltraBall- flip a coin if it is heads then you catch it. Price: 100 c for 5

Levels:

Your starter starts at LV.5. For every level your pokemon gets a +1 boosted attack. When you beat a wild pokemon you get 1 LV up. If you beat another trainer however you get 2 LV ups.

Money:

When you catch a pokemon you get 10c. When you beat another player you get 600c. If you beat a wild pokemon you get 15c. When you catch or defeat a legendary you get 100c.

Weakness and Resistance:
