Script

2023 Epic Worlds PCG

Backstory: After Link gets eaten by a giant worm in Malphoid The Mailbox Bot, he has finally found his sword and shield so he can escape.

(The first 3 screens of the game are not really playable)

Pg#1: Link is about to escape the worm

Pg#2: Link escapes the worm and climbs out of the hole

Pg#3: At the hole's surface is a group of guys waiting for Link. They imprison him and load him up on their train.

Pg#4: Link is in a cage, he can talk to the guard to convince him to let him out. He can then grab his sword and shield and head to the roof of the boxcar.

Pg#5: Link can use his ocerana that he has in his pocket to call the giant bird in order to escape.

Pg#6: Link's bird takes him to a strange portal that leads him into The Twilight Realm

Pg#7: Link must defeat the goblins and demons on each level. On the third level, there is a man chained up who was sent here for trying to steal the triforme, the player can save him or leave him. There is a portal at the top that the player can go in to beat the game and escape from the Twilight Realm.

The End
